

SAINT MARY-OF-THE-WOODS COLLEGE

10/02/2015

To whom it may concern:

Saint Mary-of-the-Woods College writes this letter in support for and appreciation of Tom Tobin's workshop, "Evaluating Online Teaching." It was an informative, interactive, and enjoyable experience for our faculty and staff.

Tom truly customized the experience. He spoke with several of our faculty beforehand to see what the needs and expectations of the audience were. Since we had a combination of online and on campus faculty, Tom made the topics relevant to both. Everyone found something useful that they could take away and apply immediately.

We are currently going through a few transitions, one of which is going from 16-week online courses to 8-week. Tom's expertise and experience were exceptional and his candor was appreciated by the faculty.

We recommend Tom Tobin as a presenter. He prepares carefully and delivers an engaging and useful workshop.

Sincerely,

Stacey Hendrix, Faculty Resource Center Coordinator

Jessica Schmidt, Director of Assessment and General Studies
