Palmer College is dedicated to the welfare and success of its students. Through the Palmer learning experience, students are prepared to develop and refine:

- ◇ Lifelong learning skills and habits;
- ◇ Critical thinking skills;
- ◇ Written, verbal and listening communication skills;
- ◇ Leadership qualities and management skills;
- ◇ A sense of service to patients, the profession and the community;
- ◇ A consistent application of ethics in their practice of chiropractic;
- ◇ An ability to make substantive contributions to the interdisciplinary health care environment;
- ◇ An ability to make a contribution to the development of a rational system of “wellness” health care;
- ◇ An ability to apply evidence-based reasoning in determining the needs of their patients; and
- ◇ An ability to be successful in current and emerging business management and reimbursement systems.
