

Tobin, “3 Ways to Support Students during COVID-19 Remote Instruction”

Participant Rating Results

Attendance: 185 Respondents: 53

1. This keynote session was worthwhile.

2. Please provide any additional comments here.

- Dr. Thomas Tobin was one of the best keynotes I have seen. He seamlessly demonstrated the concepts he was talking about by maintaining a consistent and active presence in the chat. He also respectfully redirected people back to the task at hand.
- Dr. Tobin was a great speaker. It was nice to see him model “universal” teaching after doing some other UDL workshops previously.
- I was especially impressed with Dr. Tobin’s pre-conference research about CCC and using our sites in his photos. He was a perfect presenter for today and these times! He also modeled what he talked about.
- The keynote speaker was terrific. The format was really good, and it was well paced.
