Dear Dr. Tobin,

Your UDL presentation to the Northwood Tech faculty yesterday was truly engaging, and we're grateful for the insights you shared.

Your delivery and specific examples made the concepts of UDL accessible to everyone in the audience. We were impressed by your ability to engage the audience throughout the presentation while also articulating key principles and making practical suggestions. We also appreciate your patience and openness to audience interaction during the session. The presentation and discussion ignited enthusiasm among our faculty to further explore UDL in their teaching practices. We have received a great deal of positive feedback already!

Our team extends our sincerest gratitude to you. Your presentation has enriched our understanding of UDL and is likely to have a lasting impact on teaching at Northwood Tech.

Sincerely,
